

Project Group Members

MCIT550 - Database and Information system - project groups

Kindly use this form to submit the team member names and Penn Email

Each Project group Must have 4 team members

(only in special cases where it is not possible please make an Ed post about it - we will look into it and only if it is approved, it will be allowed.)

Ensure to make a group with varied skills with people you work up with as you will be working with them throughout the semester. :)

Team Name is important - we will use it to refer to your team through the semester

(Note: Only 1 Team member needs to submit the form)
